Position Summary

POSITION TITLE: Research Program Coordinator I

Purpose

The Center for International Blood and Marrow Transplant Research (CIBMTR) provides a unique resource of data and statistical expertise to the scientific community for addressing important issues in hematopoietic cell transplantation and cellular therapies. The CIBMTR Research Program Coordinator I works independently under the administrative direction of the Program Director to coordinate the day-to-day program activities of the Observational Research Program. Provide high-level administrative program support to the CIBMTR Statistical Operations Area.

Primary Functions

1. Provide advanced administrative support to the Statistical Operations Area and Observational Research Program.
2. Collect, analyze and disseminate materials related to the Observational Research Program to the program stakeholders.
3. Provide project management for Working Committee studies and projects to ensure the timely and accurate completion of analyses, reports and submission of studies for publication.
4. Manage internal reports and CIBMTR contact database for the Observational Research Program.
5. Format, collect, disseminate, and publish materials for 15 CIBMTR Working Committee meetings, including proposals, protocols, analysis, manuscripts and submission of manuscripts to peer-reviewed journals. Serve as an expert resource for submission deadline.
6. Organize internal and external meetings, site visits, and special events for the Observational Research Program including the CIBMTR weekly statistical meetings, monthly bi-campus Statistical Operations meeting between the Milwaukee and Minneapolis campuses, workshops for the MS Statistical Operations group and CIBMTR Working Committee Meetings held during the TCT Meetings.
7. Manage SOPs (Standard Operational Procedures) within the Statistical Operations Area and Observational Research Program.
8. Create artwork and complex graphics (including Kaplan-Meier survival curves, cumulative incidence curves and graphical representation of other outcomes and program activities) for scientific reports, manuscripts and presentations for national and international meetings.
9. Coordinate travel arrangements for the Statistical Operations staff and Observational Research Program Directors.
10. Participate on appropriate committees relevant to the advancement of the program.

Knowledge – Skills – Abilities

1. Proficiency in software programs such as Microsoft Office (Word, Access, Excel, Power Point, Outlook, Adobe Illustrator), Salesforce and Desktop publishing.
2. Demonstrate written and oral communication skills.
3. Typing skills with at least 50 WPM.
4. Knowledge of general office machines and telephone system.
5. Demonstrate ability to work independently and as a team.
6. Highly detail- , accurate- and results-oriented.
7. Ability to handle different tasks simultaneously and prioritize projects efficiently.
8. Ability to successfully plan ahead and follow-through.
9. Ability to collaborate and accept variable work direction in a fast-paced environment.
10. Ability and willingness to work overtime as needed with advanced notice.

Organizational Structure

Building: CLCC, 5th Floor
Department: Medicine
Division: Center for International Blood & Marrow Transplant Research
Reports to (Title): Research Program Coordinator II
Direct Reports (Titles): NA
Collaborates with (Titles): Principal Investigators of Research studies
CIBMTR Scientific Directors
CIBMTR Statistical Directors
CIBMTR Biostatisticians

Specifications

Appropriate education and/or experience may be substituted on equivalent basis

Minimum Required Education: Bachelor's Degree

Minimum Required Experience: 2 year

Preferred Education:

Preferred Experience: Experience with program management in a medical, research or educational environment preferred

Field:

Certification: CITI training within 90 days of hire

Classification
