

## COVID-19 and CPI Standards

As the Coronavirus (COVID-19) continues to have an increased impact on our communities, CIBMTR Center Support has received several questions from centers about COVID-19 and the ability to meet the 90% form completion for the trimester ending April 30, 2020. If your center cannot meet CPI standards for the trimester ending, April 30, 2020, please have your center's medical director please reach out to Eileen Tuschl at [etuschl@mcw.edu](mailto:etuschl@mcw.edu).
