CIBMTR Data Operations will be offering interactive classes VIRTUALLY via Webex Trainings over seven days throughout the month of September 2020.

The virtual classes include interactive training in our FormsNet3 training environment along with topics that are pertinent to new data managers to submit quality data.

The class is open to individuals with 6 months or less experience at their center as a data manager.

Registration is open through Monday, August 28, 2020. Registration will close once we receive 15 participants. The cost of the 7 classes is \$125. Data managers must attend all sessions to participate as the classes build off each other. Click [HERE](#) for more information.
