

November 2018 Forms Instruction Manual Updates

In case you missed them, here are the changes made to the Forms Instruction Manual during the month of November. Check the [Getting Started](#) page of the Forms Instruction Manual for a list of the most recent updates. Updates made after March 2015 are always available for reference in the [Historical Manual Updates](#) section.

Date	Section	Type	Description
11/20/18	2400: Pre-TED	Add	Added the following text (in red below) for Question 5: <i>Enter the ZIP code in which the recipient resides. Only five digits are required; however, if the ZIP+4 (nine digit) code is available, please report it in this field.</i>
11/20/18	Multiple Myeloma Response Criteria	Add	Added the following (in red) to the Near Complete Remission (nCR) response criteria: <i>< 5% plasma cells in bone marrow (confirmation with repeat bone marrow biopsy not needed).</i>
11/20/18	LYM Response Criteria	Modify	Modified the response criteria to show the metabolic response criteria first and then the radiographic response criteria for ease of use.
11/20/18	4100: Cellular Therapy Essential Data Follow-Up	Modify	Added further clarification for various portions of this manual to provide better instruction on new sections of revision 4 of the Form 4100.
11/19/18	4100: Cellular Therapy Essential Data Follow-Up	Modify	Added the following reporting instruction for question 76: <i>This rapid cytokine release into the circulation results in fever (must be $\geq 100.4F$ or $\geq 38C$), nausea, chills, hypotension, tachycardia, asthenia, headache, rash, sore throat, respiratory failure or death.</i>
11/19/18	4100: Cellular Therapy Essential Data Follow-Up	Modify	Added the following reporting instruction for questions 81-96: Symptoms of CRS: p(. Fevers ($\geq 100.4F$ or $\geq 38C$): A disorder characterized by elevation of the body's temperature above the upper limit of normal. <i>Do not report fever less if than 100.4F or 38C in this field. Fever less than 100.4F or 38C does not qualify as a symptom of CRS.</i>

Questions, feedback, or requests may be submitted directly on the manual website using the Feedback Feature at the bottom of each page. For more information on how to submit feedback, [click here](#).
