These forms have been revised to ensure that the forms are capturing currently relevant data, particularly where new definitions or tests have been accepted for use in the field.

The blank forms are available on the [Data Collection Forms page](#) and the change summaries are available on the [Upcoming Releases page](#) under “Release Highlights”. If your center has feedback regarding the forms, please contact cibmtrformfeedback@nmdp.org.

The corresponding [Forms Instruction Manual](#) sections for these forms are updated and available in the CIBMTR Forms Instruction Manual. If you have any questions or comments about the manuals, please send them to CIBMTRFormsManualComments@nmdp.org.

As [previously communicated](#), changes were made to forms with the intent that they would be completed and paired together. Updates were made on the center's behalf to maintain data integrity and quality, and no action is required by your center.

Lastly, Myelofibrosis CMS Study Pre-HCT Supplemental Form (2556) and Myelofibrosis CMS Study Post-HCT Supplemental Form (2557) are being retired as this information is now captured on the Myeloproliferative Neoplasms Forms (2057 / 2157).

Sincerely,
