

New Data Manager Virtual Onboarding: September 2020

Audience: *International and Domestic Data Managers*

2nd Class Added

Due to COVID-19 and travel restrictions, CIBMTR Data Operations could not offer an in-person class this August. Instead, we will be offering interactive classes VIRTUALLY via Webex Trainings over seven days throughout the month of September 2020.

Due to the overwhelming wait list response, we added a second class. We have 7 spots left in the 2nd class. Class 2 is OPEN to NEW data managers hired after 1/1/2020.

We will NOT be adding a wait list after the 2nd class is full. Registration for Class 2 will close on Friday, August 28th or when the 7 spots have been filled.

Class 2 Dates

| Date | Time | Topic |
