Unique ID Assignment Form (CRID), Form 2804

In order to generate a Unique ID (CRID) the following fields must be answered on the Form 2804:

**Autologous HSCT**
- **Key Fields:** CIBMTR Center # and Today’s Date
- **Question 1:** *For autologous HSCTs only:* Has the recipient consented for research?
  - If yes, follow rules for allogeneic HSCT
  - If no, complete the following questions:
- **Question 4:** Recipient date of birth (year of birth only)
- **Question 15:** Primary disease for which the HSCT would be performed
- **Question 16:** Tentative HSCT date
- **Question 17:** Cell source for the HSCT
- **Question 18:** Has the recipient undergone a previous HSCT?
  - If yes, complete questions 19-26
  - If no, continue with question 27
- **Question 19:** Date of first HSCT
- **Questions 20-23:** Cell source for first HSCT
- **Questions 24-26:** Product type for first HSCT
- **Question 27:** Person completing the form

**NOTE:**
If an autologous HSCT recipient declines to participate in research, the Form 2804 is the only form that must be submitted to the CIBMTR.

**Allogeneic HSCT**
- **Key Fields:** CIBMTR Center # and Today’s Date
- **Question 4:** Recipient date of birth (year of birth only)
- **Question 8:** Recipient gender
- **Question 9:** Recipient SSN, if applicable or, if center is able to report
- **Question 10:** Recipient NMDP ID, if applicable
- **Question 11:** Recipient EBMT ID, if applicable
- **Question 12:** Recipient IUBMID (former CIBMTR #), if applicable
- **Question 13:** Team # (former CIBMTR Team #), if applicable
- **Question 15:** Primary disease for which the HSCT would be performed
- **Question 16:** Tentative HSCT date
- **Question 17:** Cell source for the HSCT
- **Question 18:** Has the recipient undergone a previous HSCT?
  - If yes, complete questions 19-26
  - If no, continue with question 27
- **Question 19:** Date of first HSCT
- **Questions 20-23:** Cell source for first HSCT
- **Questions 24-26:** Product type for first HSCT
- **Question 27:** Person completing the form
