CIBMTR IT Forum Panel Discussion
February 19, 2016

Introduction

• Topic: BMT Data Analytics Discussion
• Panelists:
  – Andrew Artz, MD, MS, University of Chicago Hospitals.
  – Bobbi Gresov, Clinic Research Nurse III at Emory University School of Medicine.
  – Paul Courtney, Business Data Analyst for BMT at Dana-Farber Cancer Institute.
• Moderator:
  – Bronwen Shaw, MD, Scientific Director, Center for International Blood and Marrow Transplant Research.

How will the panel discussions work?

• Panelists will be asked a series of seed questions by the CIBMTR moderators
• Audience members can participate by asking related follow-up questions and sharing their own experiences
• Questions will also be taken from the index cards submitted by the audience
• Opportunity to ask additional questions at the end of the sessions

Wrap-Up

• Thank you to our panelists and audience members for your participation!
