TANDEM MEETINGS
Transplantation & Cellular Therapy Meetings of ASTCT® and CIBMTR®

February 2-6, 2022  |  Salt Lake City, UT  |  Salt Palace Convention Center
Exhibit and Support Prospectus
**2022 Tandem Meetings | Transplantation & Cellular Therapy Meetings of ASTCT and CIBMTR**

formerly the BMT Tandem Meetings, were first held in 1995. Because of the overlap in attendance, the American Society for Transplantation and Cellular Therapy (ASTCT) and the Center for International Blood & Marrow Transplant Research (CIBMTR) combined their annual meetings to allow participants to optimize their time and travel funds. Participants represent more than 4,000 attendees in the BMT and cellular therapy field. Administrators, clinicians, data managers/clinical research professionals, fellows-in-training, investigators, laboratory technicians, MD/PhDs, nurses, nurse practitioners, pharmacists, physician assistants, and other allied health professional attendees benefit from a full scientific program that addresses the most timely issues in hematopoietic cell transplantation and cellular therapy.
We are excited to present opportunities for support at the 2022 Tandem Meetings.

Through the course of the meetings, leading experts in the field of BMT and cellular therapy from around the world will present the latest developments via plenaries, concurrents, oral abstracts, posters, tracks, and more. This year’s scientific topics will include:

- 50th Anniversary of the CIBMTR
- Broad Access to HCT Worldwide
- CAR-T and Beyond
- Cell and Gene Therapy
- Clonal Hematopoiesis
- Disparities in Cellular Therapy
- GVHD
- How to Prevent GVHD
- Innate Immunity
- Measurable Residual Disease and Mechanisms of Relapse
- Role of Autotransplant vs CAR T (Lymphoma and Myeloma)
- Treatment of Respiratory Viruses in HCT/Cell Therapy Recipients

...and more.

We look forward to partnering with you and welcoming you to Salt Lake City!
