All exhibit fixtures and booth structures are permitted to a maximum height of (17') (5.18 m) in all peninsulas, modified peninsulas, split islands, and island booths.

In-line (Linear) Booths and Perimeter Booths: In-line Booths, also called “Linear Booths”, are generally arranged in a straight line, and have neighboring Exhibitors on their immediate right and left, leaving only one side exposed to the aisle. expense for those booths that have exposed areas between the back wall of their structure and the back wall of the
booth. Please note that, to provide a harmonious environment to all exhibiting companies’ sightline, rules will be
strictly enforced. If the Exhibitor does not comply, the Tandem Meetings will have the general services contractor
drape the area at the Exhibitor’s expense.

Island Booths: An island booth is typically a 400-square-foot (20’x20’) or larger exhibit space exposed to the aisles on
all four sides. Island booths must be constructed to allow access from all sides. Island booths should have open sight
lines around and through the design (including structures), so that the surrounding area can be viewed through the
booth and neighboring booths are not inappropriately obstructed. Please note: multi-level exhibits are not
permitted. Exhibit spaces with one side 80 linear feet or greater may not be wider than they are deep.

Exceptions may be made at the Tandem Meetings’ discretion. Any part of a display, tower, or otherwise must
maintain a minimum of 5 to 1 ratio of height to base of said structure and may also require a safety tie off
(restraint) from above (seismic safety cables) 12-foot perimeter height rule. Exhibitors who wish to construct an
island booth that will be 400 square feet or larger are required to submit a digital drawing, rendering, or architectural
plans to the Tandem Meetings Conference Office by Friday, April 1. Any changes that occur after initial submission
must be resubmitted to the Tandem Meetings for approval prior to the meeting. Should booth construction at the
show deviate from the actual submitted and approved floor plans, the Tandem Meetings reserves the right to ask the

or guests is not permitted based on the 80/80 Rule: Any sound that consistently exceeds 80 decibels measured at the
edge of an Exhibitor’s booth or is clearly identifiable more than 80 feet from that booth is considered objectionable.

aisles. Exhibitors intending to use hanging light systems are required to submit a detailed floor plan with light locations
